Financial Overview

Here at Providence Dentistry we feel the best thing about our style of dentistry is our commitment to quality. If you've been with our practice a while, you already know our attention to detail and fine materials are second nature to us. But everyone's financial situation is different.

We are committed to providing you with the best possible dental care. Our fees reflect our professional commitment of excellence to you. Our goal is to assist you in the settlement of your account with the same quality and professionalism that our dental care provides. We accept cash, check, Visa, MasterCard, and American Express and Discover. We also offer a healthcare financing program through Care Credit. Care Credit is a line of credit for your healthcare expenses and offers interest free payment options and extended payment options up to 60 months terms. Check Policy: for your convenience, if your check is dishonored or returned for any reason, we will debit your account for the amount of the check plus a processing fee of \$25.00.

We will communicate clearly all recommended treatment and fees involved prior to beginning treatment. Our fees reflect the quality of care we provide to our patients. We shall do all within our power to help you satisfy your account.

Payment is required at time of services. A delinquent account impedes our ability to provide you with the quality dental care that you deserve. Please be aware that the patient or guardian bringing a child to our office for treatment is responsible for payment of all services rendered.

For our patients with dental benefits, as a courtesy to you we will file your claims. We will gladly accept insurance benefits of assignments to help reduce immediate out of pocket expense. We require that the deductible, non-covered fees and the estimated patient portion to be paid at each visit.

Please contact your insurance carrier prior to your visit to obtain essential information which will accurately depict your coverage. Providing us with the information will facilitate future claims and communications to maximize your benefits. If you have a direct reimbursement policy, you will be asked to pay in full the day of service and your insurance company will reimburse you.

Important facts about your dental insurance

- Your dental insurance is a benefit to you and a contract between you, your employer and your insurance company.
- It is your responsibility to know the type of dental insurance you have (i.e.: Traditional, PPO, or DMO), and to know what benefits are offered under your plan.
- You (not the insurance company) are responsible for the fees of services rendered to you.
- We appreciate the opportunity to provide you with excellent dental care.
